

What's happening in our world?

It's almost August and we had hoped to be complaining about the broken air con and the sweltering weather but as it happens we're still jumping over puddles and battling with broken brollies. Never the less, we write with exciting news about our new charity venture, the launch of new incentives as part of our referral scheme and a new member of the team.

candidates come forward please!

In the last week alone, we have taken on vacancies for 7 Designers and 4 Project managers. We consciously try to keep all of our candidates informed about new vacancies and positions that we think may be of interest but don't always manage to reach everybody. If you are looking in these areas or know somebody who might be, then please get in touch or register your interest on our website.

- Junior Project Manager - Birmingham £25k POP375
- Senior Project Manager - Leicestershire £40k POP428

- Senior Structural Designer - Hertfordshire £35k DS446
- CAD Engineers - all levels, UK wide £25k - £40k

client and candidate referrals

Earlier this year, we introduced our extended referral scheme incorporating both candidates and clients. In support of the industries we recruit for, we are also switching from cash to vouchers and will be offering a choice of the following vouchers:

- Marks & Spencer
- Boots
- Amazon
- Debenhams

Email us at recruitment@stracointernational.com with the details of who you would like to refer and if we place the candidate or fill the vacancy, we will send you £100 of vouchers. Don't forget to tell us which retailer you want them for!

increase your desirability

As more and more candidates start to think about changing jobs, there has been a large increase in candidate availability across certain sectors. Coupled with the increase in job vacancies, it should make for a busy time but not necessarily a happy one. Many employers realise that the surplus of candidates gives them more negotiating powers driving down salaries and generally pushing things in their favour.

We are working with our candidates to ensure that they have the edge over other applicants, increasing their desirability and keeping them ahead of the game. In conjunction with this, we are scheduling several open days at both our Doncaster and Leicester offices for people to talk to us about their career and where they should be heading, the current market and opportunities, CV issues and also allowing people to network.

Clients will be attending so that you can hear their view on

Our website stracointernational.com is live. All vacancies are added as soon as they are registered with us unless confidential. Clients can register vacancies online and view testimonials from candidates and clients.

Straco News

To clients and candidates alike, we offer £100 in vouchers for every candidate referred to us who we then go on to place. We are also now offering £100 in vouchers for opportunities referred to us that we fill. all you have to do is call or email us:

recruitment, issues and what they are really looking for in a candidate at various interview stages.

We want these days to be pro-active and we will help you look at your CV and offer lots of tips. We will be showcasing current vacancies and looking at companies who you might like to work for. For those who are considering a new role but haven't considered what steps to take, this is the ideal opportunity to dip your toe in the water!

new member of the team

We are delighted to welcome Kelly Diver to Straco. She joins to head up the Design team at Straco from next week. This follows rapid expansion with Rob Fothergill heading up Retail Interiors and Kelly Blunt - Exhibitions.

charity venture

As a company, we have always tried to do our little bit for charity. In the past, we have donated aid packs to soldiers in Afghanistan and completed a charity bike ride for the British Heart Foundation. This year we're hoping to raise money towards building a well in Zambia. We are working with a team of people who will be going out to Zambia in October to start work on the well. If you would like to help us, Julie Horseman, Marketing Director at Straco, will be running a half marathon on September 11th. We'll be giving you a little more detail nearer to the time but we're hoping to raise sponsorship for Julie to do the run.

on an even lighter note.....

We see the Champagne industry is doing its' bit for the environment by introducing a new lightweight bottle. They claim that the new bottle looks the same but will potentially save in carbon dioxide the equivalent in emissions of 4000 cars per annum. That's the only encouragement we need to give it a try!
